Greenfield University

Attendance Policy 2025

Effective Date: January 1, 2025

---

1. Purpose and Scope

This policy supersedes the Attendance Policy 2023 and establishes updated minimum attendance requirements for all students at Greenfield University. This revision reflects feedback from the Student Welfare Committee and aligns with updated UGC guidelines on student engagement.

2. Minimum Attendance Requirement

All students must maintain a minimum attendance of 70% in each enrolled course to be eligible to sit for the end-of-semester examinations. This is a reduction from the previous requirement of 75%, following analysis showing that the higher threshold disproportionately affected students with long commutes and part-time employment. Attendance is calculated based on lectures, tutorials, labs, and mandatory workshops.

3. Enhanced Attendance Tracking

Attendance shall be recorded using the upgraded GU-Attend v3.0 system, which supports both ID card tap and biometric verification. Students may also mark attendance via the GU Mobile App using geo-fenced check-in within a 50-meter radius of the classroom. The system generates automated weekly attendance reports for students and faculty.

4. Early Warning System

An automated early warning notification will be sent when a student's attendance falls below 80% (first warning) and 75% (second warning). Academic advisors will be notified at the second warning stage and must schedule a meeting with the student within 5 working days. Students who fail to meet with their advisor after the second warning may be referred to the Student Support Services office.

5. Consequences of Non-Compliance

Students whose attendance falls below 70% in any course shall be barred from the final examination. Barred students will receive an 'FA' grade and must re-register. The re-registration fee is Rs. 2,500 per course. Students barred in 3 or more courses in a single semester will be placed on academic probation for the following semester.

6. Exemptions and Special Provisions

Medical exemptions require a certificate from a registered practitioner submitted within 7 working days. Students with disabilities registered with the Office of Inclusive Education may receive modified attendance requirements (minimum 60%) as part of their Individual Accommodation Plan. Student athletes and cultural

representatives may receive up to 15 days of authorized absence per semester with written approval from the Dean of Student Affairs.

7. Appeals

Appeals must be submitted using Form A-7 (Revised) within 14 calendar days. The Attendance Review Committee will process appeals within 15 working days (reduced from 21 days). Students may request a second review by the Academic Standards Board if they believe the committee's decision was procedurally flawed.
