Grading Guidelines for Faculty

Effective Date: June 1, 2024

CONFIDENTIAL - For Faculty and Administrative Use Only

This document contains internal grading procedures and moderation guidelines. Distribution to students is strictly prohibited. Unauthorized sharing may result in disciplinary action under Section 14.2 of the Faculty Code of Conduct.

1. Grading Scale

Greenfield University follows a 10-point grading scale:

A+: 90-100 (Grade Point 10)
A : 80-89 (Grade Point 9)
B+: 70-79 (Grade Point 8)
B : 60-69 (Grade Point 7)
C+: 50-59 (Grade Point 6)
C : 45-49 (Grade Point 5)
D : 40-44 (Grade Point 4)
F : Below 40 (Grade Point 0)

The minimum passing grade is D (40 marks) for undergraduate courses and C (45 marks) for postgraduate courses.

2. Grade Moderation Procedure

All final grades are subject to moderation before submission to the Registrar. The moderation procedure is as follows:

Step 1: The primary examiner submits provisional grades to the Department Grade Moderation Committee.

Step 2: A second marker is assigned to independently review any grade change exceeding 10 marks from the student's continuous assessment average. The second marker must provide written justification for agreement or disagreement with the grade change.

Step 3: If the primary and second markers disagree, a third examiner from a related department is appointed. The third examiner's assessment is final.

Step 4: The Department Head reviews the moderated grades and signs off before submission. Any course with a failure rate exceeding 30% must include a written explanation from the course instructor.

3. Grade Change Requests

Faculty may request a grade change after submission only under the following circumstances: (a) clerical or calculation error, (b) discovery of a grading irregularity during audit, or (c) resolution of an academic integrity case. All grade changes must be submitted using Form G-3 (Grade Amendment Request) within 30 calendar days of the original grade submission. Changes require approval from the Department Head and the Dean of Academic Affairs. A maximum of 5% of total grades in any course may be amended post-submission.

4. Internal Assessment Weightage

The standard assessment breakdown for all courses is:

- Mid-semester examination: 25%
- Assignments and quizzes: 15%
- Class participation: 10%
- End-semester examination: 50%

Departments may propose alternative weightages with written approval from the Academic Council. Laboratory courses may allocate up to 40% to practical assessments.

5. Academic Integrity in Grading

Faculty must report any suspected cases of academic dishonesty to the Academic Integrity Office within 48 hours of discovery. Pending investigation, the student receives an 'I' (Incomplete) grade. If found guilty, the student receives an 'F' grade for the course and a notation on their transcript. Faculty must not independently reduce grades as a penalty for suspected dishonesty without going through the formal process.

6. Grade Submission Deadlines

All final grades must be submitted within 10 working days of the last examination date. Late submissions will be flagged in the faculty performance review. Grades not submitted within 20 working days will be escalated to the Dean's office. The Registrar's office will send automated reminders at 5-day and 8-day marks.
