Greenfield University

Attendance Policy 2025 (Supersedes 2023 Policy)

Effective Date: January 1, 2025

---

1. Policy Revision & Supersession

This policy officially replaces and supersedes the Attendance Policy 2023 in its entirety effective January 1, 2025. Following Senate Resolution 2024-B, the university has revised attendance thresholds to accommodate blended and hybrid learning.

2. Revised Minimum Attendance Requirement

The mandatory minimum attendance requirement to sit for end-of-semester examinations is 70% in each enrolled course. This replaces the previous 75% requirement. Any student who achieves between 65% and 69% attendance may petition the Academic Dean for condonation upon payment of a Rs. 1,500 review fee.

3. Sanctions for Non-Compliance

Students whose attendance drops below 70% without approved condonation are debarred from the final exam and assigned an 'FA' grade. Re-registering for a debarred course requires a course retake fee of Rs. 2,500.

4. Digital Attendance Recording

Attendance is captured electronically through biometric RFID card readers at the entrance of each lecture hall. Instructors finalize digital records weekly.
